## GENERATOR STOCK

Page 1: last updated Tue Jun 18 04:20:01 BST 2019

These are our known part numbers for generator stock,

We may not have all of them currently in stock but Comlec Units can source or re-manufacture virtually any AC or DC electric traction part, no matter how rare.

|                |  |
|----------------|--|
| 1003001        | 24V 35A 40KW GENERATOR                 |
| 1003012        | 127v GENERATOR                         |
| 1023006        | 3*400V STILL AC GENERATOR              |
| 110483         | 12V C40 DYNAMO T/E                     |
| 110484         | 12V C40 22AMP DYNAMO                   |
| 11228          | 100V DYNAMO MAWDESLEY GENERATOR        |
| 12432823       | 3*400V STILL AC GENERATOR              |
| 143441         | 127V GENERATOR                         |
| 143645         | 157V GENERATOR                         |
| 146322         | 127V GENERATOR                         |
| 146685         | 232V STILL GENERATOR                   |
| 148171         | 157V GENERATOR (exchange)              |
